### 10 April 2020 update

As a necessary response to the COVID19 epidemic outbreak and the recent travel restrictions, the second workshop of the FAIRsFAIR Synchronisation Force which was originally scheduled for 29 April in Den Haag will be held as a series of online sessions.

The workshop is one of three being organised by the Synchronisation Force during the life of the FAIRsFAIR project and will unite representatives from the Working Groups of the EOSC Executive Board, the ESFRI clusters, the INFRAEOSC5 projects, and the [European Group of FAIR Champions](#) in discussions around the six pillars of the FAIR Expert group report [Turning FAIR into Reality](#).

On April 29 proceedings kick off with a plenary session. The plenary will be followed by a series of six online small group sessions, each dedicated to a single pillar and to be held weekly during May. A final wrap-up will take place on 11 June. Meeting notes and recordings will be uploaded to this page as they become available.
