

Workshop "How Repositories can
contribute their FAIR share"

@ 15TH INTERNATIONAL OPEN
REPOSITORIES CONFERENCE

Date:

31 May 2020 to 03 June
2020

Location:

Stellenbosch, South Africa

The organisers of the Open Repositories Conference 2020 invite you to a series of [free virtual sessions](#) to be held over Zoom between June 1-4, 2020 offering updates from the repository community and highlighting current discussions, innovations and recent advancements. Presentations will be recorded and uploaded to [Zenodo Open Repositories community](#) and YouTube. A series of conversations will also take place on Twitter using the hashtag #OpenRepos2020.

Registration is free!

Participants are asked to register for each day and for each workshop.

Programme at <https://or2020.sun.ac.za/conference-programme>

FAIRsFAIR Workshop Monday 1 June - How Repositories Can Contribute their FAIR Share

This 90 minute workshop will introduce a draft transition programme developed by the EC-funded FAIRsFAIR project to support repositories in developing good practice regarding the production and use of FAIR data.

Target Audience

- Repository managers
- Research data librarians
- Data stewards
