

Date:
19 May 2020 - 11:00 to 12:30
Location:
On line

Find below the material of the event

FAIRsFAIR will be represented at **EOSC-hub Week 2020** which is an online event this year.

In a 90-minute session which will alternate presentations with moderated group discussion, topics addressed will include:

- Evaluation of CoreTrustSeal and its implications for maturity modelling
- Assessment of FAIRness of datasets in trustworthy repositories
- FAIR Assessment Framework for data services extending beyond repositories

Meeting Chairs

Hylke Koers, SURFsara, Ilona von Stein, DANS and Sara Pittonet, Trust-IT

Who should attend

- Representatives from EOSC-related initiatives and projects
- Members of EOSC Governance
- Experts on vocabulary services, semantic tools and interoperability
- Representatives from national service providers, research infrastructures, scientific communities, repository managers, universities, researchers

Key information sources

In preparation for the workshop please browse the FAIRsFAIR deliverables which represent work to date on the topics to be discussed.
